Note

In April 1893 Mr. Strickland applied for 150 acres of land for coffee cultivation near the Wynaad Road. (Paper 3) The grant of this land on certain favorable terms was sanctioned in July 193 (Paper no. 6).

† L.R. 334 814 91-93

In August 193 Mr. Strickland wrote to say that of the required extent of land none was available near the Kozeeta Road, a similar area might be granted in lieu either near the Nepunghatta channels or in any other suitable place. In reply he was enjoined that he should place himself in communication with the Deputy Collector of Bangalore to ascertain what land was available, to select therefrom &

price. The Secretary made a note as follows:

"What was the promise? No land was promised. He was told if he applied his establishment would be continued. He was told land would not be granted but would be sold." With that note the abolition was transferred to the Secretary for Colonial Affairs. Some days afterwards, another letter was received from the Treasury which called the Secretary's attention to the fact that he has a right to an equivalent of the land which he declined to take up at Boreata.

The Colonial Secretary on the receipt of Cook's letter wrote (dated 1-7-95).

Mr Parker has made application for an injunction restraining the Hampton Co from carrying out the contract with the Newark Co for the erection of a new Court House - I am served with a copy of the writ & the affidavits upon which the application is made - The writ is returnable on Monday next & the application will be heard on that day - I am informed by Mr Parker that he intends to move for an interim injunction restraining the Hampton Co from proceeding with the erection of the new Court House pending the trial of the action - I am also informed by Mr Parker that he intends to move for an order that the Hampton Co may be at liberty to proceed

Sir

I have the honor to refer to the Correspondence which took place in 1893 relative to the application of Messrs Cowie & Co for permission to construct a Canal from the Hoskotte Lake for the purposes of Coffee Cultivation, and to the Correspondence which ensued on this matter, ending with the Secretary's letter of the 11th May 1893 intimating that the Government did not see their way to grant me the Concession applied for.

I have the honor to inform you that after much trouble, time, & some expense, I selected a block of land on the Kosvatte River and tendered my application for the same in March last year, since which date the matter has remained under the consideration of Government.

Government of Mysore.

Sir.

I have the honour to state that I have been informed, with what truth I cannot say, that it is the intention of Government to put the lands applied for by me for Coffee Cultivation on the Arkavalli River near Bangalore ~~and to put~~ up to Public auction.

In order to prevent this if true, I have the honour to draw your attention to the correspondence on this matter, especially to the original letter of Government giving me the concession of 150 acres of land free, under the Irrigation Channels from the Hirebhi Tank.

The original intention of Government as clearly stated; and accepted by myself thereupon,

and of the fact that the Coal offered
for under the Hesketh Bank was
unsuitable for the desired purpose.
I would ask you to kindly instruct
the present application to cause
orders for the disposal of the matter.

I have the honor to be

And I am prepared to satisfy the Government, if called upon to do so, that this delay has not been unnecessary and that the result has been that I am in a position to meet these requirements to a greater extent than any of the other people who may have attempted the enterprise.

Under these conditions, added to the fact that I have spent money in perfect good faith in the final grant by Government to me, I would ask that — should it have been the intention of Government to put these lands up to auction — the lands may be made over to me on the terms of the original grant. If after a fair trial I find the cultivation of Coffee unsuccessful I agree to hand the land back to Government.

has been that 50 acres of suitable land would be given for the purpose specified, and this concession is not cancelled in any of the correspondence referred to. The breach of the conditions for which this concession was originally made has occurred in many parts, and I have never doubted but that it was always open to make a selection of land in place of the 50 acres, but I had to intimate very positively at first that any reasonable equivalent would be given as to the same considerate terms. This belief has so constantly been strengthened by the assurances I received from the Colonial Secretary to the effect that as the Government with reference to the Hazara settlers does not feel doubtful, I would give the equivalent in any part of the Country I might like to select, advising me at the same time to decide to take the land up under the Irrigation Channels near Rangoon.
